MAY 2023

What's in This Newsletter?

- A look at some of our activities for children and foster carers.

- Find out about Children in Care Councils priorities and how YOU can make things better.

- Check out some plans for the future and how to get support when you need it

Message from The Children in Care Council:

✦ We hope you enjoy this newsletter, it has something in for everyone from 5 to 18 years old. Please ask your carer to read it too. If you want to take part in our activities, learn how to become a young trainer, or if you have a big issue you want to talk about then get in touch by phone 07920503473 or email: BuildOurFutures@wakefield.gov.uk

OUR AIM

We want to make sure that children in care and their carers have a say in the services that they receive and feel valued. We could ask what you think of our ideas, but we think this isn't good enough. So to make sure that children and carers lead the agenda, during the year, we will create lots of opportunities for you to have your say, make new friends and have fun.

So take a look inside and find out what's been happening...

Fostering Wakefield are looking for supported lodgings carers.

If you've got a spare room (or even two), or know someone who is interested in the welfare and development of older young people (over 16) and want to make a positive difference then supported lodgings could be for you!

By providing supported lodgings you can help young people in the transition from being in care to being an independent adult. Supported lodgings providers can work full time hours (both can if you're a couple.)

By providing a steppingstone to independence you can really make a difference to the lives of young adults and you get a good rate of allowances too. To express an interest in becoming a supported lodgings carer email the team at fostering@wakefield.gov.uk

Our Emotional Wellbeing Group met with staff from CAMHS to share their experiences of the service they received and provided ideas about how to improve the experience for young people

Did you know there is a website to help with emotional wellbeing which Wakefield children and young people have helped to develop? It is run by the Young Lives Consortium who also have a Young Healthwatch Forum who make sure that health services are working for young people

Kate Honeyman - Young Healthwatch Coordinator
Email: Kate@ylc.org.uk

I am one of the Coordinators for Young Healthwatch. We work to give local children and young people a 'voice' about their experiences of health and care services. I help run the Young Healthwatch Volunteer Forum with young people, who organise events and groups.

On Oct 19th, members of CICC and the 16+ Forum presented their ideas to the Corporate Parenting Committee.

They worked with foster carers and social workers to suggest ideas about how to build relationships with social workers

Suggestions Action Plan			
10. Simplify documents so it can read more like less jargon and more empathic language			
11. The weekend out of hours	There is an Out of hours Emergency Duty Team which consists of Social Workers (SWs) with urgent cases. Visits need to complete statutory responsibilities		
12. More Social and less "work" visits / emphasis on activities with children			
13. The availability to foster carers out of hours	There is an Out of hours Emergency Duty Team which consists of Social Workers (SWs) with urgent cases. Visits need to complete statutory responsibilities		
14. Work different hours	Hours can be dependent on the need of the team and agreed upon by Team Manager		
COMMUNICATION LEADS			
15. Information for CP and families about how the CP can help families	This is part of best practice. To be discussed with CP as to how this is currently practice. This is part of best practice. To be discussed with CP as to how this is currently practice.		
16. Regular visit between CP and families	This is part of best practice. To be discussed with CP as to how this is currently practice. This is part of best practice. To be discussed with CP as to how this is currently practice.		
17. Let CP know why change of CP has happened	This is part of best practice. To be discussed with CP as to how this is currently practice. This is part of best practice. To be discussed with CP as to how this is currently practice.		

These suggestions have been made into an action plan

CICC took part in an online meeting with the All Party Parliamentary Group about the new Children's Social Care Review. It was a bit boring but the ideas are good. The next step is for the Government to ask Young People about their thoughts and wishes. They call this "Stable Homes Built on Love." If you'd like to take part in these discussions please get in touch.

Care Leavers Week and Awards Ceremony

We had a great time celebrating all the amazing achievements of our Care experienced young adults.

We visited Scaregrounds, had a pamper session, a cinema night, all topped off with a great night out

A group of care experienced young people delivered Participation and Voices Training to newly Qualified Social Workers

We support children and young people to deliver training, and interview staff. This helps develop confidence and builds lasting friendships. A real way to influence services and make difference!

Why not have a go?

A group of care experienced young people took part in the National Children in Care Council. We shared all the work we have been doing and took part in the consultation about Josh Mcallister's Care Review

JUDGES COMMENTS

This is a really lovely nomination compiling a series of highlights for the group. We particularly love the examples of training being implemented for newly qualified social workers. Also that engagement goes up to the age of 32!

Overall it's really amazing to see the range of work, training and activities taking place in Wakefield. The young people seem really involved with their local council, and that is amazing.

Pontefract Castle Escape Room

After months of planning our young people were imprisoned in Pontefract Castle dungeon and had to use their intelligence and imagination to time travel to freedom. CICC have been working with the castle staff to develop this fantastic adventure.

Find out about more about being in care in our website [CARE4US.co.uk](https://www.care4us.co.uk)

NOV'22

The Build Our Futures Summit

The 6th Summit's theme was antibullying. This work is ongoing and has led to the development of the Respect Charter. Young people planned the event, hosted and facilitated, workshops and were involved in the 'Human Library' where they told their own inspiration stories

Council tax discount announced for Wakefield foster carers

Wakefield Council has announced that foster carers will see a pay increase of around 12% to their maintenance rates with mainstream foster carers also benefitting from the 70% reduction in their council tax. The whole family benefits from fostering with Wakefield, from free gym memberships, railcard and now a 70% reduction in council tax, alongside specialist support teams and a network of foster carers.

Interviews

Did you know that you could be a part of a young people's interview panel?

In November and december we interviewed adults for 6 different jobs including the top job in Children's Services.

Scarlett and Brodie interviewed Vicky Schofield the new Corporate Director for Children and Young People

Xmas Gifts for Care Leavers

The Christmas Parcel scheme proved successful in its second year with 50 Christmas Gifts being provided to Care Leavers across the district. It is great to see an idea from a young person do so well and for so many people to benefit. Thank you to everyone who donated to the scheme, your generosity is very much appreciated.

Xmas Dinners

This year over 20 care experienced young people received Xmas dinners from the Next Steps team. We hope to make Xmas dinners more widely available at Warren Court in December. Watch out for more details on [Care4Us.co.uk](https://www.care4us.co.uk)

Already a foster carer and thinking of a transfer?

Here's some of the reasons to transfer to Wakefield:

- You're more likely to have children placed with you – so no gaps in pay.
- We'll guarantee any payments you're getting from your current provider when you transfer.
- Unlike most agencies who expect their pay to cover all costs, we pay special allowances to cover items like school trips, clothing, and educational expenses.
- We'll help with mileage payments for certain activities when it links to care.
- We're 100% non for profit.

Remember, you don't need to tell your current fostering agency that you're thinking of transferring, but you'll need to resign from them if you decide to transfer to us.

The Monthly Recap

Our young people met the decision makers to talk about Support for Care Leavers.

There's been lots of progress and we are updating the local offer for Care Leavers in July this year.

If you want to make things better for care leavers, join the 16+ Forum
